Dear Mr. Kuangdi:

Have you received my letter dated Sunday, July 22, 2001. I am wondering if it was addressed correctly?

Also, I would like to know if it will be possible for me to invest in your skyscraper for 100,000 people or the organization that will ultimately build it?

I got information on your skyscraper first at the library and more from the Internet. They are articles written by John Follain, Ron Gluckman, and Ben Richardson. Any additional information would be greatly appreciated.

I hope you will have time to look at my Victory City on the Internet:

As a prevue of Victory City, please find enclosed 3 pictures of it.

I am looking forward to hear from you.

Sincerely,

Orville Simpson 11
