

METALS COMPANY, Inc.

33 DONALD DRIVE FAIRFIELD, OHIO 45014 (513)863-5991

Welcome

to a whole new concept in food service equipment ... Circl-Serv.

Actually, we must confess that it is not 100% new, since the wheel and food have been around a long time. But, we thought it would be a good idea to put them together, if, in the end, they could feed more people faster, with less labor.

We must also confess that we now have a representative number of Circl-Serv installations* around the country, some of which are pictured in this brochure. So, again, it isn't 100% new. But, that's good for you, because if you specify or buy one, yours won't be a "test" case. You'll be doing so with the assurance that what we say in the brochure happens to be true.

Cordially,

B/W METALS COMPANY, INC.
