Investment Plan

TO THE EDITOR OF THE ENQUIRER.

A nationwide monthly investment plan for city employees provides a means whereby people of limited income and resources can buy shares of common stock in any of the 1200 corporations listed on the New York Stock Exchange for as little as $40 every three months.

I am a city employee, and have recently sent in a suggestion to give city employees a chance to subscribe to this under the payroll deduction plan.

Reasons given supporting the plan are:

- To educate as many people as possible to their capitalistic, free enterprise system of government.
- To encourage them to be active participants in this system by directly owning their share of American business.
- To help them share in the risks, responsibilities and fabulous profits of our great corporations.
- To provide them with a wealthier retirement in the future and a larger income at the present.
- To teach them thrift and regular saving habits.

It is necessary for Council to pass an ordinance authorizing the Finance Department to make deductions for this plan before any deductions may be made.

Those in favor and those wanting more information please write me. Council would want to know how many are interested.

ORVILLE SIMPSON, 3522 Stettinius Ave., Cincinnati.

Right Queen, Though

TO THE EDITOR OF THE ENQUIRER.

In the Enquirer September 15 appeared an article by Iphigene Bettman in which she made a gross mis-statement of an important event in the history of England and Scotland, to-wit: —"If you know Edinburgh only as the capital of Scotland and the place where Mary Queen of Scots lost her head," etc.

The truth is that the Queen of Scots was beheaded on February 8, 1587, in Fotheringay Castle, in England, on order of Queen Elizabeth the First, by Bulle, the London Executioner.

The Queen of Scots was never permitted to return to Scotland after she surrendered to Queen Elizabeth, was inprisoned in England in several places until her death.

'Faith Made Fresh'

TO THE EDITOR OF THE ENQUIRER.

Wednesday afternoon I was driving toward Hudson, Ohio, and noticed a rhythmic bumping sound. I had just stopped and discovered a flat tire when a truck pulled off the road in front of the car. The driver came over, examined the tire and changed it.

We offered to pay him, but he refused, stating that he might be broke and need the same free help someday. He did

ing the machine. Finally, to by himself."

Well?

the "poor man's Peglers." I for one still believe God has a Moses tucked away some place for us in this day, if we will only pray for one.

MILDRED VORHOLT, 1038 Sutton Rd., Cincinnati.
