

VICTORY CITY CAFETERIA, ~~EPCOT~~

CHRONOLOGICAL ACTION PLAN

1. Don Barnhill & Orville Simpson II agree to implement plan detailed here and modified as needed.

2. Don & Orville together attempt to interest Walt Disney Productions in a Victory City Cafeteria using the Circl-Serv and ferris wheels at EPCOT.

863-5991

→ 1. Determine diameter of Circl-Serv. CONSULT B.W. METALS CO. DON BARNHILL, PRESIDENT 33 DONALD DR., FAIRFIELD, O. 45014

We could write letters both to the Disney chairman and president to obtain the names of those in charge of both the overall planning of EPCOT and food distribution, and we should attempt to arrange meetings with them and at least one joint meeting if possible.

→ 2. ~~Obtain names of ferris wheel manufacturers. AND GET THEIR ADVICE~~

Walt Disney Productions Donna B. Tatum, Chairman
500 S. Buena Vista St. E. Carden Walker, President
Burbank, California, 91521 phone: 213-845-3141

CONTACT

3. ~~3. If above is successful, then contact Otis Elevator Co. to see if they are willing to design, build and install the elevator and platforms to carry 50 people. Robert W. Young, Special Projects Mgr. for Otis in 1975, suggested the room sized elevator to carry people to sky lobbies in Victory Cities. His address was at that time: Otis Elevator Co., 750 Third Ave., New York, N.Y. 10017. Phone: 212-557-5910.~~

His suggestion was made at a viewing of my VC exhibit. Also present was Keith P. Gould, Vice President - Sales, same address. Phone: 212-557-5921.

Locate ferris wheel manufacturer who is willing to design, build & install ferris wheels around the Circl-Serv.

4. Attempt to interest architect, John C. Portman in planning the Victory City Cafeteria at ~~EPCOT~~, and in making VC plans for room B exhibition. This could include a new larger model and pictures. His address is 225 Peachtree St., Atlanta, Ga. Phone: 522-8811.

5. Explore amount of interest the Colonade cafeteria chain might have in managing the VC cafeteria. Address: ~~Central Trust Tower, 4th & Vine Sts., Cincinnati, Ohio. Phone: 621-1712.~~ See page 5

6. See if Teledyne Corp. would design the Water-pik booth & equipment. Address: 1730 E. Prospect St., Ft. Collins, Colo. 80521.

7. Determine if any bascart manufacturer would design & build Family Carts for VC cafeteria.

8. Obtain statement on use of Water-pik from Am. Dental Assoc.
