**Subject:** Re: Victory City

---

Dear Mary:

Since you approve of Chris Staples position regarding the Trust Agreement, then I also approve of it. The question is: will Pete Strange approve?

I would like to have a contract with Messer Construction Co. where I agree to make Messer beneficiary of my will and they agree to use all the money to build Museums and Victory Cities, and 5/3 Bank would invest the funds and oversee the distributions of funds to Messer making sure they are used solely for Museums and the building of Victory Cities.

If Messer and myself were in complete agreement as to the terms of such a contract could you then write it for us?

What is the procedure to revoke the Healthcare Power of Attorney? I will follow your advice.

Sincerely

Orville

Hi Mr. Simpson:

Just received my copy of Chris Staples' letter to you regarding 5/3's concurrence on the Trust Agreement as it is currently written. Does this letter give you sufficient comfort? I am satisfied that 5/3 has agreed to the terms and given as much as they can at this time in the way of acceptance of the Trust.

I look forward to hearing from you.
