Dear Mr. Horne:

Enclosed is a copy of my letter to Bill Baumann, Vice President of Taft Broadcasting. So far I have had no reply. In the event that they show any interest in my proposal and especially if Cincinnati City Council and Hamilton County should also show an interest, would this type of project be in the area of your expertise and would you consider it feasible?

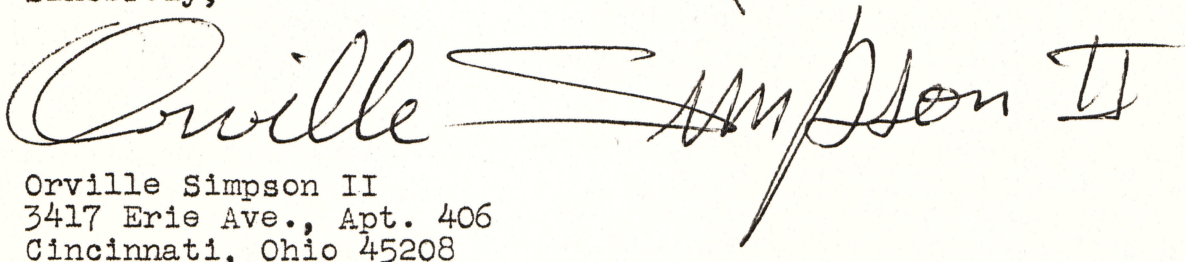

Specifically could World's Fair type buildings be designed so that they could readily be converted into a shopping center and industrial park at low cost?

Would your company be interested in building a World's Fair and later do the conversion work as well?

You and all other USS officials are welcome to see my Victory City exhibit. Perhaps you might be building one of these in the future also.

Your reply will be received with great interest.

Sincerely,

Orville Simpson II
